Equity and designated groups

Four groups are designated by the Employment Equity Act in Canada: Women, Aboriginal peoples, Members of visible minorities and Persons with disabilities. Members of these groups are under-represented in some fields, including several ones related data science.

Details are available at <https://www.canada.ca/en/public-service-commission/jobs/services/gc-jobs/employment-equity.html>

Note that this question is optional and its answer will be shared with the reviewers. For equal applications, preference will be given to a qualified candidate from one of the designated and under-represented research groups. We, therefore, invite eligible candidates to identify themselves as belonging to one or more categories of under-represented groups.

Project Title

New Types of Irreducibility Criteria

Popularized description of the research project (min 100 - max 200 words)

Quare talis improborum consensus non modo excusatione amicitiae tegenda non est sed potius supplicio omni vindicanda est, ut ne quis concessum putet amicum vel bellum patriae inferentem sequi; quod quidem, ut res ire coepit, haud scio an aliquando futurum sit. Mihi autem non minori curae est, qualis res publica post mortem meam futura, quam qualis hodie sit.

Cognitis enim pilatorum caesorumque funeribus nemo deinde ad has stationes appulit navem, sed ut Scironis praerupta letalia declinantes litoribus Cypriis contigui navigabant, quae Isauriae scopulis sunt controversa.

Non ergo erunt homines deliciis diffluentes audiendi, si quando de amicitia, quam nec usu nec ratione habent cognitam, disputabunt. Nam quis est, pro deorum fidem atque hominum! qui velit, ut neque diligat quemquam nec ipse ab ullo diligatur, circumfluere omnibus copiis atque in omnium rerum abundantia vivere? Haec enim est tyrannorum vita nimirum, in qua nulla fides, nulla caritas, nulla stabilis benevolentiae potest esse fiducia, omnia semper suspecta atque sollicita, nullus locus amicitiae.
