

# Benefits for IVADO Students and Postdocs

IVADO

IVADO is an interdisciplinary and cross-sectoral consortium for research, training, and knowledge mobilization whose mission is to develop and promote **Robust**, **Reasoning**, and **Responsible** AI through the R<sup>3</sup>AI project.

R<sup>3</sup>AI is at the heart of IVADO's identity.

IVADO generates, stimulates and supports **artificial intelligence (AI)** initiatives, bringing together the research community, organizations and institutions.

# Are you a member of this community?

- You are a student or postdoctoral fellow of IVADO professors under IAR3 (2023 - );
- You are a postdoc funded directly by IVADO;
- You are an IVADO postdoctoral entrepreneur or a student from IVADO's Scientist in Residence and Scientist in Action programs;
- You are a student or postdoctoral fellow involved in a collaborative research project with an IVADO industrial member;
- You are a student or postdoctoral fellow involved in a IVADO's Research Regroupment or Exploratory Project;
- You are a student or postdoctoral fellow in one of IVADO's research chairs.

# Next Generation IVADO Support

## Main Objectives

We support you from start to finish in your research project to maximize your visibility and societal impact, help you develop the cross-disciplinary skills you value, and ease your transition into the job market.

...

# Overview of Opportunities

## Career Development

- Cross-disciplinary skills workshops
- Access to our bi-annual Internship and Job Fair and its dedicated platform
